

Build and Launch this HUGE Rocket!

Modeled to resemble an Inter-Continental Ballistic Missile, this rocket looks every bit the part! Our Ford Students will be the first to Build and Launch the awesome **PENETRATOR MISSILE!**

This is a two-day class,; one for building and one for Launching!

At almost 3 Feet Tall it is the tallest rocket we have built in our School Programs, and quite a site lifting off the Launch Pad!

Challenging to build but not difficult, this class is appropriate for K- 5th Grade. We only have room for 30 students, so please sign up Today! Go to www.liftoffga.com under the tab: School News -Ford for info on how to enroll and pay tuition online.

You can also enroll by *filling out and sending the form below* to school with your tuition to the office for \$49 made out to LIFTOFF.

Class A – Wed March 24 upon dismissal until 4:30 OR
Class B – Thurs March 25 upon dismissal until 4:30
Launch – Friday March 26 for both classes

TUITION: \$49 Everything included

DEADLINE IS WED. MARCH 17TH. All correspondence sent via email.
